Topic: Nigerian People's & Culture

WEEK 12

IN SUMMARY

This week, you learned about the pervasive issue of social vices in Nigeria, particularly cultism, kidnapping, and armed robbery. These vices have deep-rooted causes, including unemployment, political influences, and economic motives, and they have severe consequences, such as loss of lives, economic setbacks, and security concerns. The government has implemented legal measures to combat these vices, but a more comprehensive approach is needed, involving collaboration between the government and civil society. Addressing social vices in Nigeria requires a multifaceted strategy that recognizes the societal challenges and works collectively to mitigate their impact on the nation's well-being and security.

BULLET POINT SUMMARY

- The lesson discusses various social vices in Nigeria, including bribery, corruption, cultism, examination malpractice, kidnapping, and armed robbery.
- These social vices are seen as significant threats to the well-being of Nigerian society, affecting the moral values and security of the nation.
- The government has implemented initiatives and agencies to combat these vices, such as the Economic and Financial Crimes Commission (EFCC) to fight corruption.
- Campus cultism has a deep-rooted history in Nigeria, with various secret cults operating in tertiary institutions, engaging in dangerous activities like violence, drugs, and extortion.
- The causes of cultism include rivalry, competition for girls, protection, peer influence, and the erosion of educational standards.
- Kidnapping and armed robbery are also rampant in Nigeria, with unemployment, political factors, and societal issues contributing to their prevalence. These crimes have severe consequences for individuals and society, affecting personal security, trust, and economic growth.
